

PAPER HANGINGS, by E. T. ARCHER
 patented Machine, Hordis Claydon, and a Royal warrant at his residence, 10, Abchurch Lane, London, E.C. 4, to make and supply the following:—
 1. **Imitation PATTERNED DECORATIONS** and **Actual** imitations of the exterior of **Stone**, in every known type, and all patterns by means of known, secret.
 2. **Stains on hand PAINTS**, and **EXTENSIVE SELECTION** of **PAINTS** for the use of the main factory in Italy.
 Attached to the paper-hanging, etc. shop is the extensive department of **CARPENTER FURNITURE**, in London, of the best quality, and upholstered goods of the best fabric. Prices made to order, and the most liberal terms used on all orders.
 Despatches to be made per parcel, with best warranted guarantee of the best materials, 3 feet wide, one yard, each.
